

Barley Mow Dental Care Plans

April 2007-March 2008

BARLEY MOW
Dental Care

DENTAL CARE PLANS

Our own **independent** scheme, unlike the national schemes, allows **you**, the patient, to choose how much you pay each month, and the level of cover you will receive.

Maintenance Care £9.10 per month

- ◆ 2 detailed examinations per year with routine cleaning delivered by the dentist at the same appointment
- ◆ All necessary dietary and oral hygiene advice
- ◆ All necessary radiographs
- ◆ Prescriptions and emergency dressings
- ◆ Emergency out of hours cover
- ◆ UK and world-wide emergency cover
- ◆ Accidental injury (external) cover
- ◆ 10% discount off all routine treatment

Maintenance PLUS £14.80 per month

All Maintenance Care benefits plus:

- ◆ 2 appointments with one of our hygienists per year

Maintenance SUPER £19.85 per month

All Maintenance Care benefits plus:

- ◆ 4 appointments with one of our hygienists per year

KEY BENEFITS OF ALL PLANS

- ⇒ Flexible monthly payments that allow you to budget for your routine dental visits.
- ⇒ Preventative care for long term dental health
- ⇒ 10% discount off any treatment required
- ⇒ Accident and emergency insurance, UK & world-wide
- ⇒ Call out fees for out-of-hours emergencies
- ⇒ Cash benefit for dental related hospital admission
- ⇒ 24-hour emergency help line with Europ Assistance

You do not need to be 'dentally fit' to join

You can join either of our maintenance plans right away and enjoy the peace of mind afforded by our scheme. For those that join at their first visit the charge is reduced.

for further information*

*We look forward to giving you a warm
welcome and
an outstanding level of service*

COMPREHENSIVE CARE from £21.80 per month

Some patients prefer to have no surprises on the cost of their dental care, and so prefer to pay a higher amount monthly and have the majority of possible treatment provided as part of the package.

This option doesn't include any laboratory costs incurred as part of any treatment, bleaching or cosmetic work, orthodontics or treatment requiring referral to consultants or specialists outside the practice.

To enrol on this plan an assessment visit is required to set the monthly fee level by assessing the amount of dental treatment likely to be required.

Comprehensive includes all Maintenance Plus benefits plus:

- ◆ All routine fillings
- ◆ Extractions
- ◆ Root fillings
- ◆ Crown and bridgework*
- ◆ Dentures*

**Please note that crown, bridge and denture work includes the cost of surgery time but does not cover the cost of laboratory work.*

*Any initial work needed is excluded from the plan but can be carried out at your convenience and the costs spread out over a number of months. You will be given a written quote for any outstanding treatment needed when you first join – but **you** decide when this is to be carried out.*
